

EN SAVING INC. Rental HVAC Buy-out Schedule

(Note: This is a sample version of the Buy-out Schedule in our current rental HVAC agreement and is for reference only).

As your furnace, air conditioner, or other HVAC system gets older, you may start thinking about buying out your rental contract. However, aging equipment is more likely to break down, and even a single repair like replacing a furnace motor can cost more than the remaining balance on your rental agreement. By keeping your rental plan in place, you maintain repair and maintenance coverage* even after the manufacturer's warranty expires.
